

REPRESENTING THE FOLLOWING QUALITY MANUFACTURERS

Daikin Applied: Packaged Rooftops, Air Handlers, Chillers, Fan Coils, Water Source Heat Pumps, Modular Chiller Plants

Daikin Comfort: VRV Systems, Split Systems, Heat Pump Hot Water Systems

Custom Air Handling Units, Dual-core Regenerative Energy Recovery System, Superblock Technology, VRV Integration, and Gas Fired Make-Up Air Units

Gold Series Energy Recovery Units, BlueBox Simultaneous Heat/Cool Heat Pump Chillers, Chilled Beams, Displacement Ventilation, VRV Integration

Energy Recovery Systems, VRV Integration, Counter-Flow Plate Heat Exchangers

Air/Water Source Unit Ventilators, Ceiling Cassettes, Dry Coolers, Make-up air units

Packaged Terminal Air Conditioners

Bi-Polar Ionization, IAQ Products

Mission Critical Climate Control Products, Chilled Water and DX, Air and Water Cooled

Water Source Heat Pumps, Packaged Terminal Air Conditioners

Fluid/Dry Coolers, Condensing Units, Coils

VAV Terminal Units, Fan Coils, Air Handlers

Modular Heat Pump and Heat Recovery Chillers

Low Temp Solutions for Agricultural and Process Applications

Chilled Beams, Quiet Fan Coils, Underfloor Systems

In-Stock, Replacement ECM Fan Arrays

Water Source Heat Pumps, Water-Cooled Condensers, Dehumidifiers

UV Lights for HVAC and Indoor Air Quality

SERVING CONNECTICUT & WESTERN MASSACHUSETTS FOR OVER 50 YEARS
